100 feet of hand-embroidered Bayeaux-style Tapestry

Created over seven years to celebrate the 50<sup>th</sup> year of the international living history group, the SCA.

Brought to New Zealand by the SCA's South Island branch, the Barony of Southron Gaard, celebrating its 20<sup>th</sup> anniversary as a Barony where people enjoy recreating the pastimes of the Middle Ages and Renaissance.

Come along and see a fantastic creation in fibre, along with members of the Barony demonstrating everything from Viking naarl-binding to Elizabethan embroidery. Find out more about a society which honours artisanal works and gives you a chance to wear it!
