How can the Network help your Guild or Group?

Two of the purposes for the Network are as follows:

- To promote, support and publicise textile and fibre arts Guilds, groups and artists in the community
- To facilitate an increase in participation in textile and fibre arts and crafts

We seek suggestions as to how we can do this. **Funding may be available.** Examples are publicity/resourcing of exhibitions that are open to the public, and promotion/resourcing of beginner classes. You may have other suggestions. Please forward to the secretary Ros at ros.mccarthy@gmail.com

AGM Tutors and workshops

Ronnie Martin

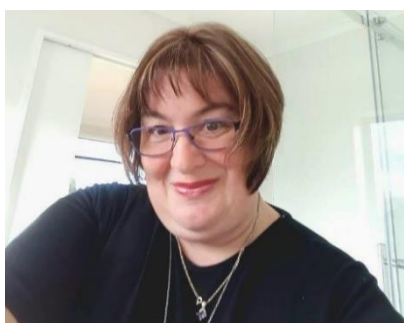

Ronnie will be taking two workshops and is our **guest speaker** at the AGM Saturday 23 June.

A former teacher, Ronnie has made a name for herself in both New Zealand and Australia as

a textile and mixed media artist, most recently teaching at the Christchurch Quilting Symposium last October, and the upcoming National Embroidery exhibition in Nelson in July.

Ronnie is skilled in a wide range of techniques, fabric painting, image transfer, printmaking, embellishment, surface design techniques, free machine embroidery, felt, layering, burning and cutback techniques, and design. Ronnie has exhibited widely and received a number of awards for her work both nationally and internationally. She is also a trained judge. As guest speaker, Ronnie will be speaking about her creative life entitled "The Journey", immediately following the AGM.

Vicki Allen

Vicki is a keen beader and specialist in seed beads. Vicki came from the UK 13 years ago and found lots of beautiful colours in New Zealand. A friend introduced her to a bead shop in Manchester St and she was instantly struck. Vicki has been lucky enough to make her creative hobby into a successful business. Vicki sells and teaches all things beading and enjoys meeting wonderful creative people. Now based in Blenheim, Vicki enjoys

making shapes from beads, especially flowers.

Sue Spigel

Sue Spigel has been sewing since she was 4 and making quilts for the last 42 years. She had a quilt shop with Brenda Visser as well as a studio at the Arts Centre where they dyed and printed their own fabric. Most recently she was Artist in Residence at the Cathedral until the earthquake had other ideas. Now retired and having seen the light, she uses recycled fabrics, of all sorts, that she may ecoprint and then hand stitch together and quilt to produce quilts that are full of meaning and kind to the environment. These are the best of all.

Now retired, she is still eager to teach and show others how she makes her quilts and encourage others to have a go for the sake of the earth.
